

Jach00s™
★ TECHNOLOGY MEETS QUALITY ★

YOUR IT & MEDIA PARTNER

We assist large enterprises & startups in making critical business decisions. Partnering with Jach00s means collaborating with a highly amicable team of IT & Media experts.

ABOUT JACHOOOS

World's leading end to end Corporate Hosting & IT Services company offering full spectrum of related services with multi focused online media services.

Our Story

Just like other companies we've started our journey in 2010 and at the end of 2017 we started to recognize as a professional and integrated IT firm. During the last quarter of the year 2017 the Jach00s™ parted its ways from its parent company, and now they are functioning as a fully independent firm.

Jach00s™ is now associated with Data Wave Technologies LLC in the Middle East. We have created a name in the world of IT, web hosting, digital marketing, and many other services and are now recognized as a brand. Jach00s™ has maintained its reputé and high quality of work right from the very first day of its operations till now.

This is the reason we enjoy a loyal and satisfied client base. We are always committed to support our clients in accomplishing their desired goals and exceeding their expectations.

About Jach00s™

Jach00s™ is an established IT and Media Company with an enviable and proven track-record engaged in providing Business Web Hosting, application development services, e-commerce technology, technology consulting, IT infrastructure solutions, digital and internet marketing services, video and animation making, music and audio solutions, content writings for various aspects, and various other IT and media services to clients worldwide.

We are a fully in-house digital team focusing on branding, internet marketing, web designing, and development with clients ranging from start-ups to Fortune 100 companies. We pride ourselves on partnering with clients in order to give the most transparent and educational experience from scoping to deployment.

Jach00s™ is an acronym for "Joint Association of Corporate Hosting and Organization Oriented Services", that represents the true meaning of what we offer.

Jach00s™ offers close association with the exclusive datacenters in Europe and is rapidly extending its reach to the other corners of the world. Being a premium service provider, Jach00s holds the trust of many clients across diverse business verticals. This trust is based on our reputation as an exemplary IT and media solutions company among leading business houses and standardizing organizations.

The hosting features we offer is a lot more capable as compared to any other hosting provider and our objective is to provide our clients with the World Class Web Hosting. We offer fully dedicated web hosting services to corporate entities. We have a dedicated development team of qualified engineers, designers, developers, writers, Web & Internet Professionals, media experts and consultants.

We provide high-quality services in all areas of Information Technology and media industry that we focus.

A background image of a modern office with large windows. A woman with glasses is standing and smiling, holding a tablet. Two other people are seated at a desk, working on laptops. The scene is overlaid with a semi-transparent orange and yellow geometric design on the right side.
